PROFESSIONAL EXPERIENCE

Security Guard

RBG Security Inc, Toronto | June 2024 – Currently working

- Assigned at TMX group, acted as a primary point of contact for internal stakeholders, responding to inquiries via internal email and ServiceNow with professionalism, accuracy, and empathy.
- Monitored and controlled access to secure premises by verifying identification and issuing visitor passes, ensuring confidentiality and compliance with regulatory and security guidelines.
- Utilized CCure and CCTV systems to monitor surveillance feeds, identify potential risks, and respond efficiently to incidents and alarms.
- Managed multiple digital tools simultaneously, including Google Drive, Excel, email platforms, and security systems, demonstrating strong multitasking and digital literacy skills.
- Responded calmly to urgent and high-pressure situations by gathering information, asking clarifying questions, and following established procedures to resolve issues at first contact.
- Maintained accurate incident reports, logs, and handover documentation with strong attention to detail and data integrity
- Collaborated effectively with internal teams and leadership, demonstrating flexibility, accountability, and a strong service-oriented mindset.

Project Engineer

Aerastech Systems, India | May 2022 – December 2023

- Collaborate with stakeholders to define project objectives, scope, and requirements.
- Coordinate and allocate resources such as manpower, equipment, and materials required for the project
- Guiding technical aspects and ensuring compliance with industry standards and regulations.
- Monitor project progress against established plans, prepare and present progress reports and documentation as required.
- Implement quality control measures to ensure deliverables meet established standards and specifications, identify cost-saving opportunities, and optimise resource allocation to stay within budget constraints.

Assistant Manager

Kotak Mahindra Bank, India | December 2020 – February 2022

- Handled high-volume customer interactions daily, resolving account inquiries and service issues with empathy and accuracy at first point of contact.
- Educated customers on banking products, digital channels, and self-service options, improving customer experience and adoption of online banking tools.
- Maintained strict confidentiality and compliance with regulatory guidelines while managing sensitive customer interactions.
- Balanced multiple systems and screens simultaneously to process transactions, document interactions, and meet service quality standards.
- Consistently contributed to improved customer satisfaction scores by delivering timely, clear, and trusted support.
- Helped build a positive and fair working environment by promoting the effectiveness of the group, participating in the development of personal performance, and sharing industry knowledge to achieve common goals
